About Me

I am a BCA (Hons.) Cloud Computing student at Marwadi University with a strong interest in cloud technologies and DevOps. I seek an internship to gain practical experience in AWS and contribute to building scalable cloud solutions in a collaborative environment.

| • Percentage: 71.3 | |
| Marwadi University , BCA (Hons.) Specialization in Cloud Computing | May 2025 |
| • Current CGPA (till 6th sem): 9.01 | |

Projects

AWS-PracCloud | AWS Cloud Practitioner Preparation Android App

- Team-based Android app built using Java, SQLite, and WebView to help users prepare for the AWS Cloud Practitioner exam. Features include 11 theory modules, AWS services overview, interactive quizzes with history tracking, PDF download, and secure login using SQLite and SharedPreferences.
- Tools used:** Android (Java and XML), SQLite

College ERP System

- Developed in a team using PHP, MySQL, HTML, CSS, and JavaScript, this web-based ERP system streamlines student access to academic resources such as courses, timetables, quizzes, and gallery content. Features include secure session management, responsive design, and dynamic content delivery.
- Tools used:** PHP, HTML, CSS, JavaScript, MySQL

Gohel Tailors - RJT (Ongoing)

- Team-based Android app for local tailoring services, built using Java, XML, Firebase, and SQLite. Features include order booking, appointment scheduling, live location sharing, multi-language support, and an admin panel for order management.
- Tools used:** Android (Java and XML), SQLite
